WHAT IS INMC?

Welcome to the exhilarating world of memory sports, where minds are sharpened, and memories are celebrated! The Indian National Memory Championship is an electrifying event that challenges individuals to push the boundaries of their cognitive abilities and showcase their remarkable memory prowess.

Memory Athletes engage in a series of memory challenges designed to test recall, focus, and creativity. From memorizing decks of cards in record time to recalling lengthy strings of numbers, participants demonstrate the extraordinary capabilities of the human brain.

Endorsed by two prestigious bodies, the International Association of Memory (IAM), the global governing body of memory sports headquartered in Germany, and the Memory Sports Federation of India, this year's championship promises to be an unforgettable event.

Memory sports have captivated thousands of memory athletes from over 75 countries since the inception of the Memory Championships in 1991 in London. Now, in 2026, we continue this legacy of excellence and camaraderie as we gather to celebrate the incredible feats of memory prowess at the Indian National Memory Championship 2026.

ABOUT IAM

International Association of Memory (IAM) is the global governing body for Memory Sports Headquartered in Germany which connects various National Memory Sports Federations. IAM is a worldwide federation with an overarching vision of bringing memory sports to everybody.

ABOUT MSFI

The Memory Sports Federation of India (MSFI) is the national body for memory sports, operating under the International Association of Memory (IAM), Germany. MSFI promotes memory sports and mental agility through competitions, training, and educational programs for individuals of all ages.

ABOUT BRAIN INFINITE EDUPRISE

Brain Infinite, the world's leading Brain Training Institute, where we believe in unlocking the limitless potential of the human mind. For over 12 years, we have been on a mission to redefine cognitive abilities and empower individuals to reach new heights of mental prowess.

In 2023, Brain Infinite made history by hosting the first-ever World Memory

Championship in India, a monumental event that brought together 780 competitors and referees from 13 countries, all under the approval of the International Association of Memory. It was a testament to our commitment to pushing boundaries and fostering a global community dedicated to the pursuit of cognitive excellence.

Brain Infinite is thrilled to announce the hosting of the Indian National Memory Championship 2026. This exciting event promises to bring together individuals from diverse backgrounds, all sharing a common passion for memory mastery and cognitive excellence.
